SEIPO®
CHI SIAMO - WHO WE ARE

•I nostri obiettivi, i nostri valori

Il nostro obiettivo è fornire prodotti che soddisfino le necessità dei clienti, prodotti che sono migliori in termini di qualità, funzionalità e design, prodotti che abbiano valore aggiunto riconoscibile e riconosciuto. Per fare ciò bisogna essere in grado di ascoltare, di andare oltre le aspettative, di comprendere esattamente quali sono le esigenze del cliente ed essere quindi capaci di proporre soluzioni valide, sia per quanto riguarda la gamma dei prodotti sia per la qualità dei servizi offerti.

La chiarezza, lo spirito di collaborazione, la disponibilità, la volontà di conseguire alti livelli di affidabilità sono i valori che stanno alla base di ogni nostra azione; così facendo abbiamo raggiunto ottimi risultati, creando, al contempo, un nuovo modo di interpretare il lavoro.

Abbiamo con i nostri clienti un rapporto di reciproca fiducia e collaborazione e li affianchiamo in supporto, per raggiungere insieme nuovi e più alti obiettivi.

•Our objectives and values

Our objective is to manufacture products that meet our customers' needs with improved quality, functionality and design, featuring recognisable and recognised added value. To achieve this, it is essential for us to listen to our customers, go beyond expectations, understand exactly what they are looking for and therefore propose valid solutions in terms of both product range and quality service.

Clarity, spirit of collaboration, willingness and the desire to attain high levels of dependability are the values that underlie all our actions, thus allowing for excellent results and for the creation of a new understanding of the working environment. We have a relationship of mutual trust and collaboration with our customers, we work alongside and support them in order to achieve new and more ambitious goals together.

•L'azienda

(SEdute - Imbottiti - POltrone) SEIPO nasce nel 1992, anno in cui, facendo tesoro delle esperienze acquisite nel campo dell'arredo ufficio, si dà vita ad un nuovo ed ambizioso progetto: realizzare sedute per ufficio. L'azienda ha maturato nel tempo l'esperienza e la professionalità che la rendono oggi un partner affidabile per le aziende che richiedono garanzie di qualità e competenze. La logica dei costi con un ottimo rapporto qualità/prezzo, è ormai diventata una missione comune a tutte le aziende che vogliono inserirsi o consolidarsi sul mercato.

SEIPO, nei suoi primi quindici anni, ha creato prodotti che hanno ben risposto alle aspettative e alle richieste delle più importanti aziende operanti nel settore dell'arredamento per uffici, comunità, grande distribuzione.

Le linee di prodotto presenti in questo catalogo, sono state sviluppate per proporre il meglio in termini di qualità, soluzioni ergonomiche, design e comfort.

L'innovazione del prodotto, la ricerca della qualità, l'avanguardia ed il sviluppo delle tecnologie sono gli obiettivi che guidano ed orientano costantemente il lavoro dei tecnici della SEIPO.

•The company

(SEdute [chairs] - Imbottiti [upholstered] - POltrone [armchairs]) SEIPO was established in 1992, on the basis of experience acquired in the field of office furnishings, a year which marked the birth of a new ambitious project: the production of office chairs.

The company has built its growth on the experience and professionalism that make it today a highly dependable partner for companies that require quality and competence.

Logic of costs with an excellent quality price ratio is now a common mission for all companies that wish to enter or consolidate their position on the market.

In its first fifteen years, SEIPO has created products that have responded well to the expectations and standards of the most important companies operating in the office furniture field, communities and large scale distribution.

The product lines illustrated in this catalogue have been developed in order to offer the best in terms of quality, ergonomic solutions, design and comfort.

Product innovation, the search for quality and use of modern technology are the objectives that constantly guide the SEIPO technicians in their work.

•Controllo e Affidabilità, Ricerca e Sviluppo

Tutta la produzione SEIPO è soggetto di accurati controlli, in ogni singola fase del processo produttivo, che ne garantiscono qualità, sicurezza e affidabilità. I nostri prodotti vengono lavorati con la massima cura in ogni particolare, dalla veste alla verniciatura al confezionamento e sono sottoposti a diversi test di controllo, effettuati secondo le norme vigenti. SEIPO studia i propri prodotti affinché possano aiutare a migliorare la qualità del lavoro negli ambienti dove vengono usati, sia dal punto di vista funzionale che estetico, armonizzando materiali, finiture e colori.

•Quality control and Trustworthiness, Research and Development

All of SEIPO's products are carefully checked in each individual phase of its production process to guarantee quality, safety and reliability. Our products are manufactured with maximum attention to every detail (screws, paint, packaging) and undergo various tests, all of which are carried out in compliance with current regulations. SEIPO studies its products to ensure that they improve the quality of the working environment and satisfy the functional and aesthetic point of view by harmonising materials, finishes and colours.

•Formazione ed aggiornamento per un'elevata professionalità.

SEIPO pone una notevole attenzione alla formazione professionale di tutte le risorse umane che ruotano intorno all'azienda. Attraverso meeting specifici organizzati all'interno della nostra struttura, viene svolti un capillare lavoro di formazione ed aggiornamento in modo da comprendere, attraverso le esperienze di ciascuno, le reali esigenze del mercato, al fine di rispondere al meglio alle necessità degli utenti. In ogni prodotto SEIPO, c'è l'impegno di persone che lavorano in perfetta sinergia, per lo studio, la progettazione e la realizzazione di ogni sedia e ogni complemento. Questi sono i motivi per cui noi di SEIPO siamo in grado di realizzare prodotti innovativi e, insieme a tutti i nostri dipendenti, fornitori ecc., possiamo essere un partner propositivo nei confronti del cliente.

•Training and updating for superior professionalism.

SEIPO places considerable emphasis on professional training for human resources involved in company activity. Specific in-house meetings provide thorough training and updating in order to identify actual market requirements via individual experience, thus enabling the company to respond as effectively as possible to the user's needs. Every SEIPO product is the result of the commitment of a highly efficient team of people working in synergy to study, design and manufacture chairs and accessories. These are the reasons why we at SEIPO are able to manufacture innovative products. The combined experience of our employees, suppliers, etc., guarantee for a dynamic partnership for all of our customers.

•LOGISTICA

Seipo Srl programma tutti gli aspetti logistici per soddisfare le esigenze dei propri clienti dalla fase di carico fino alla consegna finale alla porta del cliente attraverso una flotta di mezzi aziendali di varie dimensioni che coprono l'intero territorio italiano settimanalmente.

•LOGISTICS

Seipo Srl programs all logistical aspects to meet its customers' needs from the loading phase until final delivery to its customers' door by means of a fleet of various sized company trucks which cover the entire Italian territory weekly.

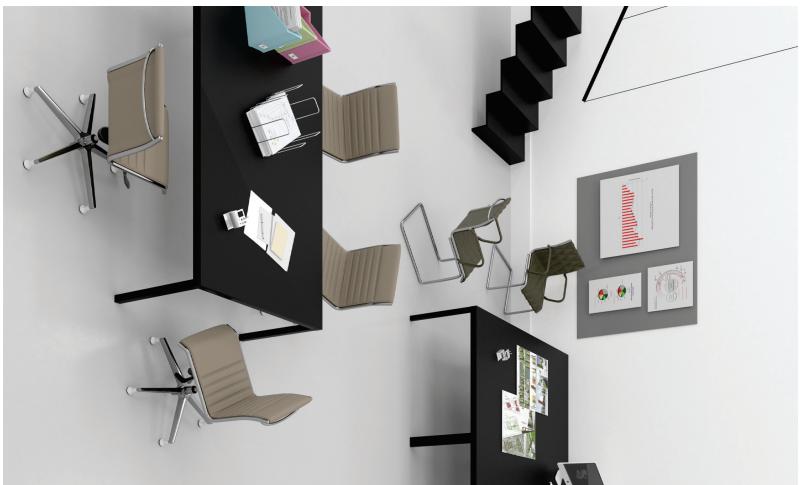

•Il tuo ambiente con i prodotti Seipo

L'installazione di prodotti Seipo nel tuo ambiente è il risultato finale di una serie di procedure aziendali che ti garantiscono di ricevere un prodotto di qualità per migliorare il tuo ambiente.

•Your environment with Seipo products

The installation of Seipo products in your environment is the final result of a series of company procedures which ensure that you receive a quality product to enhance your environment.

•QUALITÀ, AMBIENTE E SICUREZZA •QUALITY, ENVIRONMENT AND WORK SAFETY

•Certificazioni di conformità alle norme

Il Sistema Qualità Seipo S.r.l. - certificato UNI EN ISO 9001:2000 N°10393 - è conforme alle normative internazionali per l'assicurazione della qualità nella progettazione, sviluppo, fabbricazione e assistenza ai clienti.

Il processo di industrializzazione altamente informazionizzato è eseguito con le tecnologie di produzione più sofisticate. Dopo le fasi di ricerca e progettazione, i prodotti, elaborati grazie all'utilizzo delle più recenti tecnologie, sono codificati e inseriti nel sistema informatico aziendale per consentire la programmazione della produzione e degli acquisti.

Gli orari dei clienti, ricevuti via fax e via e-mail, sono trasmessi in produzione entro 24 ore.

Le consegne, rapide e puntuali, sono effettuate da un efficiente fornito parco automezzi proprio, che garantisce una copertura capillare del territorio nazionale.

Gli automezzi sono dotati di un avanzato sistema di GPRS per la localizzazione immediata degli autocarri.

All'interno di un contesto produttivo altamente modernizzato, la Seipo S.r.l. dedica particolare attenzione alle tematiche di protezione ambientale, tanto da riuscire ad ottenere la prestigiosa certificazione UNI EN ISO 14001:2004 N°10396; questo riconoscimento attesta che l'azienda soddisfa i criteri di valutazione per un efficace sistema di Gestione Ambientale per ciò che riguarda la progettazione, produzione, stocaggio, spedizione e consegna diretta e accessori per ufficio, nonché di mobili ed arredi.

Il certificato è una palese dichiarazione della politica aziendale mirata al rispetto dell'ambiente, alla ricerca del miglioramento costante, al monitoraggio di tutte le attività di produzione.

Oltre alle certificazioni di qualità ed ambiente, Seipo ha ottenuto l'ambioso risultato di essere conforme alla normativa OHSAS 18001:2007 N° 21210. Essa rappresenta lo standard per la gestione della salute e della sicurezza dei lavoratori (OHS&S) studiato per ottenere un sistema di gestione efficiente per la prevenzione dei rischi, consentendo alle imprese di attuare un controllo responsabile dei rischi e aumentare costantemente la sicurezza e la salute sui luoghi di lavoro. Il rilascio alle aziende questa certificazione, dimostra l'impegno dell'organizzazione verso una gestione responsabile della salute e della sicurezza dei dipendenti e quindi di un ambiente di lavoro sereno e protetto. L'insieme dei rispetti delle tre norme citate, hanno consentito l'ottenimento del Riconoscimento di Eccellenza.

•Certificates of conformity with UNI standards

The Quality System of Seipo S.r.l. - certified UNI EN ISO 9001:2000 N°10393 - complies with the international standards for quality assurance in design, development, manufacturing and customer service.

Our highly computerised industrialization process is implemented with the most sophisticated production technology. After the research and design phases, the products are processed by using the latest computer technology, they are codified and entered into the company's software system for production and purchasing programming.

The customer's order is received by fax or e-mail and processed within 24 hours.

Rapid and prompt deliveries are executed by an efficient well-equipped company owned vehicle fleet guaranteeing full coverage of the national territory.

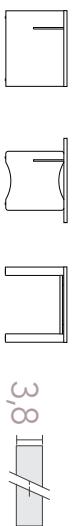

The vehicles are equipped with an advanced GPRS system for immediate localization.

In an ultra-modern production context, Seipo S.r.l. dedicates particular attention to environmental protection thus achieving the prestigious UNI EN ISO 14001:2004 N°10396 certification. This recognition certifies that Seipo S.r.l. meets the assessment criteria for an effective Environmental Management System in regards to design, production, storage, shipment, and delivery of office chairs and accessories, in addition to office furniture and furnishings. This certification is a clear declaration of company policy aimed to respect the environment, search for ongoing improvement and monitoring of all production activities.

In addition to the quality and environmental certifications, Seipo has obtained the ambitious achievement of being compliant to the OHSAS 18001: 2007 N° 21210 standard. It represents the standard for the health and safety management of workers (OHS & S) designed to obtain an efficient management system for risk prevention, allowing companies to implement a responsible control of risks and constantly increase safety and health in the workplace. The release of this certification to companies demonstrates the commitment of the organization towards a responsible management of the health and safety of its employees and therefore of a serene and protected working environment. Seipo S.r.l. has achieved the Recognition of Excellence in respect to the whole of the three norms mentioned above.

in respect to the whole of the three norms mentioned above.
